

**Kolia & Natasha Mitus
(Daughter — Sofia)**

Location: Men's Drug Rehab Center in Uborki

Years in Ministry: 5

Passion: To see men set free from drugs and alcohol and their lives restored. Then see them used greatly in the Kingdom of God to set others free too.

Special Request: If your heart is to see people radically transformed please consider standing with my family and the rehab center in Uborki.

Kolia and Natasha Mitus — Individual Profile & Testimony

The first time that I ever heard of Russian Harvest Ministries was 1999 when I was in a special security prison. Most of the men that had received Christ were studying in the RHM Correspondence Bible School so I started too. When I was set free I returned to my home town of Chernigov where the ministry had just moved to and set up a new base. Shortly after RHM missionaries came to visit me. I became part of their church and then was accepted at the missionary training center. I was not married then but my future wife came to Christ at the RHM church. She also felt called to ministry and was accepted in the training center. When she graduated we were married and together are directors of the RHM Men's Rehab Center in Uborki.

Present Ministry

We now see the meaning for our lives serving at the center. We now have a great team working with us at the center. These are men that graduated from the program and are walking faithful for Jesus. We are also pioneering another church in Chernigov following Peter Mehl's vision for eight churches in the city. We also have a mobile evangelism team made up of former drug addicts that travel all over the nation to evangelize and pioneer churches.
