Lazuka Family- Profile & Testimony

Natasha received a miraculous gift of the English right before the Mehl's arrived in Moscow in 1993. She caught the fire of evangelism while watching Peter Mehl evangelize on street corners. She was 15 at the time and has been with the ministry ever since. Vladimir met Natasha, fell in love and eventually married. He joined the ministry and over the years proved himself as a great leader and has served as the national director for over eight years.

They have served faithfully and proven themselves to be fully committed to the Great Commission. They are awesome ministers of the Gospel, leaders and missionaries.

Present Ministry

Vladimir serves as Ukraine director of Russian Harvest Ministries and is senior leader at the Chernigov church. Natasha serves as main interpreter and financial officer and is the main liaison between the Ukraine and stateside offices. Together the Lazuka's oversee all the various ministries in Ukraine. They are valuable assets to Russian Harvest Ministries and Kingdom work. They are worthy of your support.
